Stoeger Airguns  
is a Beretta Group brand

# PHILOSOPHY

A rifle from Stoeger AIRGUNS is exclusive, sensual, provocative and always unmistakably Italian. In fact all the Stoeger AIRGUNS models are entirely, idealized and designed in Italy. Stoeger AIRGUNS has always been the creator of dynamic and unrivaled rifles.

The new XM1 has a cutting-edge, distinct and streamlined design with multiple souls: sporty, elegant and innovative.

Stoeger AIRGUNS rifles are incomparable through their blend of:

- Fascinating design
- Supreme shooting ergonomics
- Innovative Style
- Technological capability
- Quality

# XM1

The new XM1 muscular surfaces make the rifle appear strong and self-secure. All surfaces are designed with a clear attention to ergonomic and anatomic functionality. The innovative Italian design by Stoeger AIRGUNS can immediately be recognized at first glance. The extreme proportions and the unique line of its profile make the new XM1 a real multi-use rifle.

Stoeger Airguns is a Beretta Group brand

# NATURAL ELEGANCE

## XM1

XM1 ensures the best performance in every shooting situation, thanks to the ergo/anatomical studies performed by Italian Engineers (Human Tech Design) and the best weight-stability ratio of the rifle. A distinct style of Stoeger AIRGUNS coupled with traits of a sports rifle and hunting rifle. The rifle provides to the shooter a uniquely emotional experience. With its strong personality, pure design and absolute sportiness, the new XM1 is one of a kind.

# Pellets

Stoeger Airguns is a Beretta Group brand

## ACCURACY TO MEET EVERY REQUIREMENT FOR AIR RIFLES

Every shooter has specific requirements for his airgun when it comes to the ammunition. Our finely classified programme with a wide range of pellet shapes and weights will satisfy every need. Accuracy is a combination of several variables, the quality of the pellets is most important. Stoeger AIRGUNS pellets are Made in Germany with high tech technology.

### PRACTICE TARGET

Lightweight accurate pellet for training and hobby shooting. Meets all underlying requirements. For universal use, at an extremely favourable price. Cal. 4,5mm / .177 and 5,5mm / .22

### SUPER ACCURATE

Extremely accurate competition and training pellet for performance-oriented shooters. Tight shot groups, clean-cut bullet holes, excellent value for money. Cal. 4,5mm / .177 and 5,5mm / .22

### GREAT PENETRATION

Medium-weight, very accurate pellet for hunting and precision shooting at medium ranges. Aerodynamic design for flat trajectories and perfect penetration. Cal. 4,5mm / .177 and 5,5mm / .22

### MAX PENETRATION

Heavy, exceptionally accurate pellet for long ranges. No lead-fouling, improved drive in barrel, no contact with lead thanks to special copper coating (20% harder than comparable lead pellets). First-class aerodynamic design for high impact and penetration. Low deformation of pellet. Tight shot groups. Cal. 4,5mm / .177 and 5,5mm / .22

### MAX SHOCK

Heavy, accurate hunting pellet for medium ranges. High impact and penetration with maximum shock effect, with blood grooves. Cal. 4,5mm / .177 and 5,5mm / .22

### HIGH SHOCK, MAX IMPACT

Heavy, exceptionally accurate hunting pellet for long ranges. Advanced X-HOLLOW design with deep hollow point and best aerodynamic properties for maximum impact, high penetration and controlled deformation of pellet. Tight shot groups. Cal. 4,5mm / .177 and 5,5mm / .22

### 6-PACK 4.5mm / .177 DIFFERENT PELLETS

Test all our premium pellets in your airgun and choice the most appropriate for you:

- Velocity
- Shock effect
- Penetration

X-MATCH (40 Pellets) - X-POWER (35 Pellets)
